

discharged from the Artillery Officers' School at Camp Zachary Taylor—and Brother Copes. Two sophomores, Hegan and Printup, have been released from the Officers' School at Waco, and intend to come back; and these eight, with the seven already at the University, will form a strong, closely knit Chapter, capable of accomplishing much in the present as well as planning wisely for the future.

Brothers Capouch, Moulton, B. H. Smith, Ray Sontag, Stephens, and Howard, all lieutenants in the army, may return if they can secure their discharge papers in time. Brothers Chritton and Rice, at present serving in the navy, are as yet very doubtful concerning the possibility of their early return. Under the circumstances, the response of the Brothers to the appeals of the Fraternity and the University to reënter college has been most encouraging; and such loyalty augurs well for the strength and health of Alpha Chi Rho at Illinois in Phi Kappa.
