

Board of Trustees and this million dollar project, to seat 65,000, is scheduled to be completed in time for the football season of 1922.

The scholarship of the Chapter has been a subject of much consideration, as we must needs return to the top of the list, a place which we once held but from which we have been deposed.

Studies, however, do not occupy all our time, inasmuch as almost everyone in the Chapter is doing something on the campus. Brother Thompson is chairman of the 1922 class memorial, which will leave behind a clock in the Library tower. Brother Wallie Wilson is serving on the Soph Cotillion committee.

With the various publications we have Brother Schooley, Postulants Goddard and Meals on the reporters' staff, and Brother Walbert on the business staff of the *Illini*. Brother Rice and Postulant Thurman are competing for places on the editorial staff of the *Illio*, and Postulant Sears is assistant on the business staff. Postulant Pierce is with the *Illinois Magazine* in a like capacity. Postulants Benzies and Goddard are assistants on the *Illinois Agriculturist* staff.

During the past few weeks we have had enjoyable visits from Brothers National Secretary Bassford, Phi Psi; John R. Giblyn, Phi Iota; Hal Sayre, Phi Gamma; Jack Garber, Phi Lambda; W. W. Woods, Phi Eta. Phi Kappa Graduate Chapter visitors have been Brothers Sanderson, Hanssen, Deiffus, Frank Leggit, Chile Clark, Behr, Carlson, Christ, Capouch, Pahl, Sturdevant, Dickson, Randall, Coble, Mann, Taylor, Coultas, Chritton, Rex Thompson, Ruggles, Simpson, Allen, Grube, Barnes, Torrence, Cornell, Nort Owen, Stephens.

Brothers Hal Taylor, Dutch Strudevand, and Bill Broom announce their intention to become undergraduates again in February.

Reports on the new House Bond Issue show forty per cent of the \$15,000.00 bonds subscribed. A committee has been recently organized by the fathers who are coöperating with the Phi Kappa Association in order to complete this bond sale in order definitely to insure commencement of actual building operations when spring begins. Completed plans now grace the library table, impatient for the day when they may enter the hands of the building contractor and that day they are soon to see.
