

Progress on Phi Kappa's new home is the current topic of conversation and interest about the Chapter House this fall. Now that the walls and roof are completed and a definite conception can be had of the general appearance both inside and out, everyone is impatient for the day when we move in. The contractor promises completion by the latter part of January. The present plans are to move during the few days' vacation between semesters.

A big party will be staged for a formal opening of the House, probably about March first. Everyone is invited. Watch for the exact date.

After two years' absence two Brothers, Brother George Moulton and Brother Dutch Sturdivant, have returned to the University. Brother Hal Taylor has also re-entered the University after a lapse of three semesters. Although three Brothers returned, two dropped out, Brother Chuck Fabb and Brother Bill Benzies. From the present outlook, creditable results should be forthcoming both in curricular and extra-curricular activities. Postulant Pflieger has withstood cuts on the freshman varsity football squad and Brother Popken is in the same situation on the varsity basketball squad. Brother Bob Thompson is busy with committee work. He is chairman of the Homecoming Publicity Committee and also of the Senior Invitation Committee. Promising material for track is apparent in Postulant Bud Evans, dashes, and Postulant Marsh Sweeney, broad jump. Brother Henning is occupied as president of Maske and Bauble, while Brother Thurman and Brother Walbert are sticking to the *Illio* and *Daily Illini*, respectively. Postulant Runyon is working for a place on the business staff of the *Illini*. Three
