

We have had some great exchanges this semester with more on the way for next year. A square dance exchange with Indeco, complete with jeans and calico was a great success and our Beatnik exchange with Sigma Kappa, complete with way-out poetry, really swung to say the least. Sigma Kappa, by the way, is our partner for co-rec softball. Coming soon is a go-kart exchange with the tri-Sig's.

Through the generosity of Brother Cliff Barnes, '19, we now have brand new doors for all our rooms and six young trees of several varieties to beautify our lawn. We greatly appreciate these gifts—thank you from all the Illinois Crows.

One last word—our annual Cave Man Drag made its scheduled appearance and was its usual tremendous hit. Stalagmites, stalagtites, and seemingly solid walls of rock erased every trace of what was (long hours before) the Chapter living room. With spears and clubs put aside, the Crow-magnons did some “rocking” of their own.

And now, out to the practice field. Have a nice summer, Crows.
