

editors of *The Daily Illini*. John Symons is working on the business staff of *The Siren*, *Ballyhoo's* only rival.

Bill Stewart is on the cabinet of the Illinois Union. He was chairman of the Homecoming pep meeting and is on the prom committee. Along with Locke and Dial, Al Arison is helping Bill represent the House in campus politics.

Jack Rothgeb and Otto Huenergardt were both out for varsity football. Tommy Newbill and Laurie Hubbard are fellow members with Locke in the Illini Flying Club. Hubbard is also a member of Scabbard and Blade and treasurer of the Cavalry Club of which Newbill is also a member.

Buzz Marshall and John Somerville are achieving prominence in the school of architecture. Buzz has received a first mention in an architectural competition while John has pledged Gargoyle, an architectural honorary. Only two men of his class were pledged to Gargoyle this year.

Under Tommy Newbill's guidance we are out after a cup in intramural baseball. Buzz Marshall, Pokey Pilgrim, Jerry Nelson, Joe Holty and King Lantz have entered tennis intramurals. Arnie Reisner, Donny Jackson, Hap Wisnasky and Carl Johnson have entered the golf intramurals.

We took up a collection among the Brothers and gave a House dance for the pledges the second Saturday in October. This is the first time in years we have given two House dances the fall semester. Our next will be a Christmas dance the night before we leave for Christmas vacation.

Homecoming this year was a big success. Buzz Marshall and John Somerville had gone into a huddle with Sug Sweet, who is now teaching in the architecture school, and they emerged with the plan for the decorations, which all the rest of the boys in the House worked hard to build.

The bushes in front of the porch were covered with building paper and painted to represent a rockbound coast. It was on these rocks that the Michigan sloop had been wrecked and was sinking in high waves of cardboard, illuminated by blue lights. A tall lighthouse stood upon the rocks supporting a revolving beacon. The revolving part was contributed by John Miller's ingenuity in making use of dry cells, wires, a bicycle wheel, and anything else he found lying about the House. It is even rumored that he used Joe Gallentine's green shirt.

The beacon lighted the entrance to Illini Harbor in which the alumni ships were seen resting safe at anchor. Our disappointment at not receiving a prize was not lessened much when we heard that the judges knew more about contemporary politics and English ballads than they did about Greek letters. They had voted the prize to another house thinking that it was Alpha Chi Rho!

When we returned to school this fall we were very glad to see that Walt, the porter, had put in a new walk in front of the House. Just be-
