

fore Homecoming the new stove, obtained from the alumni by Marsh Sweeney and Stan Hanssen, was installed. During the last few years Phi Kappa has been making steady improvements and repairs on the Chapter House until it is now in first-class condition.

The second Monday in each month has been set aside as the night on which a special invitation to alumni to attend council has been given. This year we are fortunate in having a number of alumni living in town. Doc Stevens practices dentistry in Champaign. Doc Tanner, Joe Vaile, Frank Schooley, and Sug Sweet are all members of the faculty. The Souder brothers are running their own cleaning business in Champaign. Al Borg and Owen Edwards have entered the law school and Carl Johnson is working for his M.A. in history.

Oh yes, I might mention the orchestra formed by Gene Schooley, Eddie McGrade, Earl Buchanan, Paul Buchanan, Wayne Morgan, and Roy Green. They had a tryout in Prehn's and were quite successful. From the noises coming from their rehearsals in Room 5 right now, though, Fred Waring need not fear their competition for a few weeks at least.

JEROME NELSON.
