

# Phi Kappa

University of Illinois

⌘ THE semester exams came and saw but didn't conquer Phi Kappa. For the first time in many years there were no flunk-outs. The House average jumped at least five-tenths of a point. Warren (Buzz) Marshall captured the George Moulton memorial trophy by having both the highest average and the greatest improvement.

Al Wharfield's article in *THE GARNET AND WHITE* telling of Doc Burgy's job, received a write-up in *The Illinois Alumni Magazine* as indicating the trend toward scholarship. Now we believe Doc's work has accomplished the desired result.

Although we have come nearer the top in scholarship we haven't been neglecting sports. Don Jackson is on the track squad, of which Jerome Nelson is a junior manager. Postulants Larry Main and Mike Galland are on the freshman track squad. Galland is repeating his cross-country successes. In a recent meet with Notre Dame freshmen he won both the mile and half-mile runs. Postulant Harold Miller has a good chance for a numeral in gymnastics.

Phi Kappa is also active in intramural sports. The pledge volleyball team of Postulants Harold Miller, Hoffman, Hoefer, Potteiger, Galland, Steib, Mathew and Fisher won a cup in the pledge division. The House basketball team, composed of Joe Holty, Mike Galland, Don Jackson, Jerry Nelson, Lee Smith, Warren Hoefer and Pokey Pilgrim, was one of the leaders in its division. Arnold Reisner, Pilgrim and Hoefer are rapidly approaching the finals of the university's ping-pong tournament.
