

Phi Kappa

University of Illinois

LELAND HAGMAN

CHAPTER CORRESPONDENT

Now that the smoke has cleared away from final examinations we have begun our new semester with hopes of still keeping on top, scholastically, among the sixty odd fraternities on campus. We don't know our standing for the last semester, as yet, but we have good reason to believe that the scholarship trophy will still rest in the halls of Phi Kappa.

The chapter has been doing great in intramural sports this year. Congratulations go to Bob Brown '42, and Earl Fox '44 who placed first and third, respectively, in the golf tournament. Credit also goes to Dick Buckle '42, and Fred Ilseman '44 who, together with Bob and Earl, played as a team to win fourth place.

Our water polo team is also out in front. Up to date we haven't lost a game. So far we have won the division trophy and we believe that we will place first in the tournament when it is over. The Brothers and Postulants display good teamwork. Our success is due to Ralph Ruthenberg '41, Bob Schmidt '42, Dick Buckle '42, Dennis Malcolmson '42, Carl Mayer '43, Earl Fox '44, and Bob Brown '42.

Plans are now getting under way for Phi Kappa's twenty-fifth anniversary on the Illinois campus. We are planning to have a big celebration at the chapter house on the week-end of May 10. Once again we and all of our loyal alumni can have a swell get-together.

Congratulations are in order for Johnny Bryan '40, who has the honor of being the most recent one
