

⌘ CIVILIANS may be having trouble in securing materials for building works, but that apparently isn't the case with the University of Illinois. All types of construction work are in progress. Some of the buildings which resemble small barracks remind many of Army days. They are being used to house married veterans and their families. An enrollment of roughly 26,000 students is expected in the fall.

The chapter has been buzzing with activity since the last issue of THE GARNET AND WHITE. Approximately 30 mothers were visiting resident brothers on May 3, Campus Mother's Day. Never in the chapter's history have we been so fortunate in having such a large number of mothers in the chapter halls. A banquet and serenade were given in their honor. On the same day, Mrs. Wright was elected president and Mrs. Humphrey secretary of the Mothers' Club.

The graduating seniors were honored a few weeks earlier but in a different fashion. They were the victims of the traditional Mud Party. The party started at 3.00 a.m. when senior Carroll Brown was awakened and told that he had a long distance telephone call. Expecting to hear from his Carolina belle, he dashed down three flights of steps to the main floor, only to be met by "Tiny" Chuck Schunk and his football team. After a mad struggle, Carroll was tied and gagged. Twelve other seniors met similar treatment. Then each senior was honored with a mud bath, including a facial.
