⌘ A SYSTEM whereby the assistant dean of men will be able to act as a financial consultant to fraternity treasurers was outlined by Carl Grip, assistant dean of men.

"The ultimate goal of the plan," Grip said, "is to see that the fraternity houses on campus are in the optimal financial condition and well prepared to meet any financial difficulties which may arise within the next few years because of a decrease in enrollment in the University."

The University office of admissions and records has issued its summary of students for the first semester, 1947-48. The number of students enrolled on the Urbana campus is now 19,391—12,822 men, and 3,669 women. The college of liberal arts and sciences has the most students, 5,017.

The new hours that women may enter fraternity and organized men's houses which have house-mothers or regular week-end chaperones were approved by the committee on student affairs.

These hours are: Wednesday, 5 to 7:30 P.M.; Friday and Saturday, 9 P.M. to 12:40 A.M.; and Sunday, noon to 7 P.M. Houses without regular chaperones will still have to petition to the dean of women for the right to entertain women in the house, according to the committee.

A generous cross-section of alumni in all sections of the country is being polled on the question of a war memorial to honor the 849 Illini who died in the last war, James C. Colvin, Secretary of the war memorial committee announced. The opinion of the alumni is sought for the committee to consider whether or not there should be a memorial and what form it should take.

One of the largest and best equipped University laboratories of its kind will be the new Chemistry and Chemical Engineering building now under construction on Mathews Avenue.

Actually the new 205 by 125 foot laboratory, one of four new major buildings now being constructed on campus, is only one unit of what eventually will be a chemistry and chemical engineering plant occupying an entire block.

University of Illinois trustees authorized preparation of working drawings and specifications for an apartment project for married students and graduate students who are also on the staff at Urbana-Champaign. Depending on build-
