John Randall '50, recently pinned his Carlton College girl, Ruth Boy, and Herm Lindner '50, pinned his home town girl, Ruth Guth. Tommy Wright '49, married his longtime sweetheart, the former Mickey Benson, in September.

By the end of October, we will have been host to about fifteen of the Alpha Phi Chapter on the week-end of the Illinois-Purdue football game. The Phi Omicron Chapter recently invited us en masse to spend the week-end in Madison for the Illinois-Wisconsin football game. None of us were able to get tickets, so we couldn't go. We're beginning to suspect that it might have been worthwhile, game or no, considering all we hear about the social life up north.

Our Homecoming is November 13. It looks to be a festive week-end. The game has long since been sold out, and we are, of course, looking forward to seeing the welcome mob of alums.
