

ILLINOIS

♀ QUOTA OF 1,055 cadets, as against 840 last semester, was fixed by the U. of I. Air Force ROTC this term. It is a part of the University's stepped-up military program.

The new East Chemistry building on the Urbana-Champaign campus was dedicated in special ceremonies March 30 and 31.

Zeta Beta Tau took its pledges to Burnham City Hospital where they were put to work washing windows, scrubbing wards and doing other useful Hell-week work.

More than 75 prominent business and professional leaders were here to advise students in their second annual career conference held recently. Its purposes are to interest students in their future careers at a time when their courses of study still can be altered, to impress upon them the importance of correct vocational choices, and to aid their choices by providing firsthand accounts of industrial and professional occupations.

Ewan Clague, commissioner of labor statistics, Washington, D. C., gave a keynote address opening the conference and Paul W. Boynton, employment supervisor, Socony-Vacuum Oil company, New York, closed the sessions with a discussion of "Six Ways to Get a Job."
