

The vacancies left by last Spring graduations have been filled by new and shining faces. Surprising how easy it is to pick prospective Crows from the multitudes of rushees. Our 1951 pledge class includes the following: Dean Anderson, Rockford; Don Davis, Congress Park; Wain Garrison, Mt. Vernon; Ken Griffith, McNabb; Bob Kennedy, River Forest; Chuck Ricketts, Oswego; Tom Sprain, Downers Grove; Tom Taylor, Effingham; George Wilkins, Granite City; Ray Wingfield, Des Plaines; Phil Evans, Alton; Ted Thompson, Chicago; Bob Foster, Sheldon. Their spirit is something of which we are justly proud and are confident they will add much to the House.

With the Fall semester of course comes football—the crows, the cheers, the marching band, the card section, the crisp Fall air. This year the Crows yell a little louder and the Phi Kappa's in the band blow a little harder for our varsity men Rocky Ryan '54 and Cliff Waldbeser '54. Even KyRo, the mascot, assumes an air of loyalty (for him it's not easy to assume anything) on the weekends of home games.

Everyone is looking forward to homecoming this year, as usual. With two home football games under our belt we always have a number of alumni at the House but homecoming is a weekend when they're all here in a group. The attendance has been increasing every year and this year should top them all. A full weekend has been planned by the homecoming chairman, Charlie Graham '52, and it should prove to be the highlight of the season.

Back to school also means back to classes and this entails studying. Brothers John Gillis '51 and Bob McCracken '53 returned from the National Undergraduate Training School and the Convention with brief cases packed full of ideas and slants not only on scholarship but on every phase of fraternity life. Their reports in Council have inspired every member and we feel confident that this year will be one of our best.

Phi Kappa of Alpha Chi Rho wishes to take this opportunity to welcome Phi Rho into the Fraternity. We wish them success and assure them that the bond of comradeship of Alpha Chi Rho has been made all the firmer by their addition.
