

Phi Kappa

Illinois

☞ SLOWLY, BUT surely, the Rose Bowl victory pales and wanes and loses its place to other goals—basketball, gymnastics, activities and, of course, school work. But the game will never be forgotten by Phi Kappa, particularly the twenty or so Brothers and Alums that made the long trek westward. For aside from the tremendous pre-game activities and the victory itself, these Phi Kappas saw Brother Cliff Waldbeser '54 hold an All-American practically motionless during the second half, and Brother "Rocky" Ryan take a pass over for the final touchdown of the game. Mute evidence of their commendable playing throughout the season is "Rocky's" and "Gort's" new, bright orange "I's."

February 15th and 16th will find the Chapter house host to the regional scholarship conclave. Bill Wahl and Dean Horlacher will be here of course along with delegates from Phi Tau, Phi Omicron, and Alpha Phi. Also, among those present will be Dean Turner, dean of students; Dean Bargh, dean of fraternities; Prof. Sleeter Bull, who, besides being the national secretary of Alpha Gamma Rho, is chairman of the board of fraternity affairs and probably the outstanding fraternity man at Illinois. Among the many alumni that will be present are "Doc" Andrews, Prof. of Biology; Frank Schooley, manager of station WILL; "Doc" Bachman, Chapter advisor; "Dee" Webb, U of I Athletic Ass'n; Dick Buckle, president of the Phi Kappa Alumni Ass'n;
