

Phi Kappa

Illinois

WHILE MANY THINGS have been happening around Phi Kappa this spring, the highlight of the seasons activities was winning the National Sweetheart Contest. We plan to have the coronation ball held in conjunction with our Spring Formal.

Our annual dance, the Cave Man Drag, was very successful again this year. Everyone came in the garb of the ancient Neanderthal and ate fried chicken—with our fingers, of course.

Phi Kappa is happy to announce the initiation of Donald Whitmore '58, David Scheuring '58, William Sullivan '58, Philip Turner II '58, James Stewardson '58, John Ippensen '58, Frances Morris '58, Robert Kafka '58 and Edward Kafka, Jr. '56.

As a result of the trip to California by five Phi Kappa Crows, Les Ottinger '57 (one of the group) has returned to Hollywood and is now studying voice and dance there. When last heard from Les had been told that he was "photogenic" as movie people say, and would perhaps be having a screen test soon.

Spring Carnival turned out its usual uproarious six hours on April 16. The Crows and Palamar provided some ridiculous scenes from the local pub clear to Harvard in their show called "Ridiculous."

So at the end of a successful spring Phi Kappa says "the best of luck" and extends an invitation to drop in at anytime.
