PHI KAPPA FORTY YEARS OLD

By JOE CONOVER, *Phi Kappa '57*

☪ THE CELEBRATION of Phi Kappa's 40th year began Saturday morning, May 19, with the registration of Phi Kappa's Graduate Brothers.

After a buffet lunch was served, the alums got together for a traditional college "bull session". Several took in University track and baseball events while others visited the campus to see the several new buildings on campus including the new law building completed this spring.

The climax of the day came with the Swedish smorgasbord banquet held in the Chapter house Saturday night. Lucy, Phi Kappa's cook, prepared a grandiose table including turkey, baked ham, roast beef, Swedish breads and cheeses, Swedish fish and

many appetizers and excellent coffee.

The six founders of Phi Kappa were presented gold recognition pins by Bill Sullivan, Alumni chairman of the resident Chapter. Bill was introduced by Dean Amos Horlacher, who acted as toastmaster.

Dean Horlacher gave the main address of the evening and then introduced Rev. Hine of the McKinley Church student foundation who also spoke to the group.

Appreciation of all present for the fine work of National Secretary Wilbur "Curley" Walden, present at the banquet, was expressed in remarks by several of the founders.

The Brother traveling the longest distance to attend the anniversary celebration was John R. Trost, Phi Kappa '37, of Midland, Texas.
