

Phi Kappa

Illinois

♀ WE'VE JUST ABOUT finished the Fall Semester here at the University of Illinois and are all pushing to put the Chapter at the top scholastically. Most everyone has slowed up on the "social side" of activity and resorted themselves to "ye ol' books."

As for activities, we were Alpha Phi Sorority's partner for the annual Doll Show on December 10-13th. On December 13th we held our Winter Formal entitled "Snowed In." The House was decorated as a ski lodge with all sorts of ski gear and wild animal skins hanging on the walls. We also had a marshmallow roast in the fireplace. During the Semester we've also had several "dessert" exchanges with top sororities on campus.

At present we're planning for a good Rush at the beginning of next semester. Under the new second semester Rush system, those men wishing to go through Rush live in some Fraternity for two weeks, during which time they Rush any number of Fraternities. At the end of two weeks they must reveal their choice. We plan to have eight Rushees in the Chapter House during this two week period from Feb. 2-16, 1959.

Since most of the Universities will have finished their final exams by the time this is printed, we here at Phi Kappa hope that all the Chapters did fine scholastically, and had a large number of Postulants eligible for Initiation.
