

Rounding out the school year, our spring formal should be real "gassy"; this year's dance is titled "Don't Go Near the Water," and it will be decorated like a big yacht club. We're planning on hanging the same type of flag on our mast as you probably remember from the movie.

From the looks of things Phi Kappa will be hitting the studies and activities pretty hard this semester. We would like to wish all of our Chapters the best of luck this semester and especially Iota Phi.

GEORGE BROOKE
