

PHI KAPPA

University of Illinois

♣ WHEN winter arrived in Champaign, the Crows at Illinois took it as a sign that finals were just around the corner and they were.

As usual, things were busy during the fall semester at the Phi Kappa Chapter. After a strenuous intramural football season, the annual Brother-Pledge game was held with the usual, expected victory on the part of the Brothers.

The Pledge Dance was held on November 9th, bringing an enthusiastic crowd from the campus. A great time was provided by an up- and- coming band and a "psychedelic" atmosphere.

The following weekend, Dad's Day Weekend, proved to be particularly enjoyable with Illinois winning the football game against Northwestern. Again this year the Dads viewed the traditional midnite Pledge class skit.

On December 8th, Emil Konrath, Thomas Bennett, Kenneth Allers, and Craig Stevenson were initiated into the Fraternity. Since the last issue of GARNET & WHITE, William Elgin of Peoria has been pledged.

At this time we would like to extend our invitation to AXP Brothers to visit the Chapter House and to see the extensive renovation that is going on with the help of both Undergraduate and Graduate Brothers.
