

Initiated before Miss Louise Pfeffer, Zeta Tau Alpha, got his pin. Brother Joe Hayek waited perhaps the eternity of three weeks before Miss Eleanore Schreiner, Delta Zeta, claimed his.

Brothers Lee Johnson and Bill Dyer, our Convention delegates, weren't the only ones to find themselves in New York City during the summer. Brothers Joe Hayek, Roger Patelski, Roger Puta, and Don Small were other Phi Kappas gazing at the Unisphere at the World's Fair. Brother Dyer remarked that he received many favorable comments on our non-conforming article in the *Garnet and White* Rush Issue.

Brother Roger Patelski spent two days at Phi Phi Chapter at the University of Pennsylvania in Philadelphia the beginning of September. The closest Brother Roger Puta got to either of the Philadelphia Chapters was riding directly beneath both of them on Philadelphia's subways.

Football is figuratively and literally "right around the corner" (Memorial Stadium is two blocks from the Chapter House). The sweet smell of success from the Rose Bowl will linger when the "Fighting Illini" do battle as the defending champions of the Big 10. The entire House will again participate in the largest card section in the nation, Block "I."

This semester should prove to be one of great activity for the Illinois Crows. Both IM and Co-Rec teams are being formed in football, tennis and golf. Our social calendar will be booked solid with social exchanges, sweater dances, serenades, hayrides, in addition to our annual pledge dance. Not to be outdone scholastically, we're aiming for top spot in grades this semester.

My lamp is running low on oil, so before I go blind, here's a hearty "good luck" from the Illinois Crows to our fellow Chapters.

ROGER E. PUTA
