THE NEW LETTERS

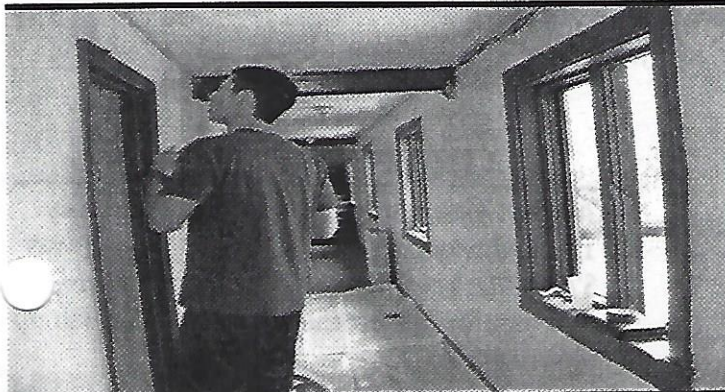

THE DESTRUCTION OF OUR OLD SIGN

HOUSE FACELIFT

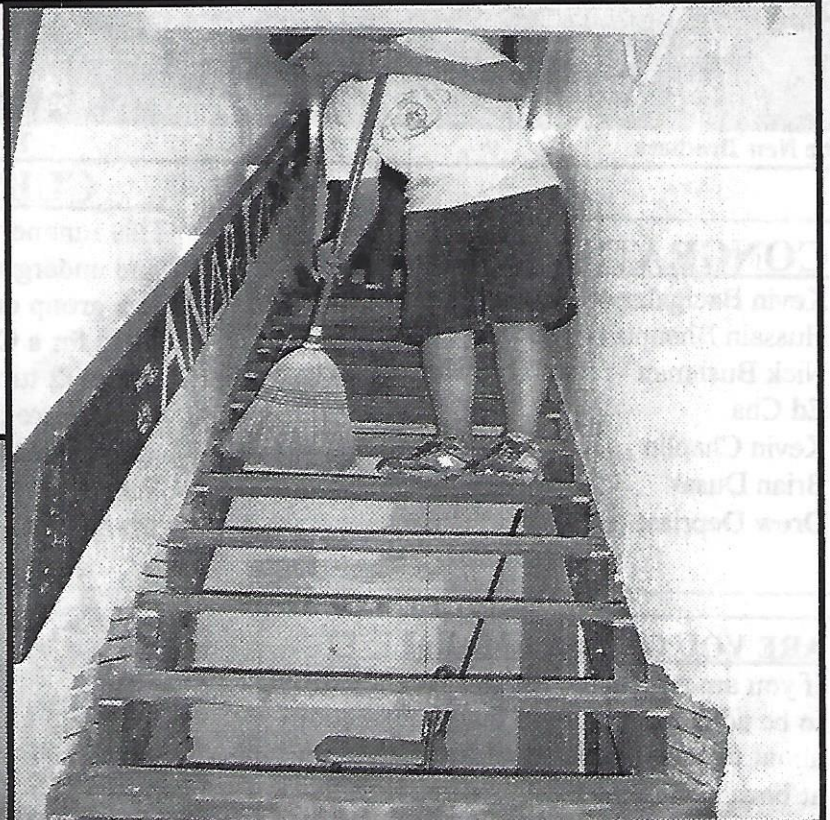

This past year the house had a big change with the addition of our letters to the north face of the house. This also led to the destruction of the brick sign that stood in the front, which had originally held the house sign. A special thanks to Brian Brauer for hauling off the bricks from the sign.

SUMMER WORK WEEKEND 2004

This past July was our annual summer work weekend. Some of the projects included restoring the basement stairs, painting of the second floor, outside yard work including pulling weeds, hedging and mowing, and the installation of super toilets capable of flushing two dozen golf balls in a single flush! After working all day Saturday, it was time to have some fun and hang out. I would like to thank all the alums that were able to make it down, and for those that may be free next summer. I encourage you to come down!

SECOND ANNUAL CAR BASH & SEVEN OUTSTANDING NEW BROTHERS

Through the hard work put in by our Rush Chair John Hung and his rush staff, we were able to initiate seven outstanding new brothers in this past fall semester. Our main rush attraction for the semester was our 2nd annual car bash.

On the first day of School, we held the car bash, where we bashed an old car into the ground. The car was

donated by a local towing company called Hubble towing. Like the year prior we stayed with the scenario of "choose your weapon", where you could choose from the classic sludge hammer to a cinder block, even a bowling ball. The weather on the day of the car bash dampened the turnout, so instead of having the car bash just one day it

turned into an amazing week long event.

Along with the car bash the new brothers (postulants at that time) also participated in a camping trip, our

Brotherhood nights, a class project of restoring the dorm, and making it through a live in week. The camping took place on a cold and wet day much to the excitement of the campers, but they

had fun and brought back stories to tell.

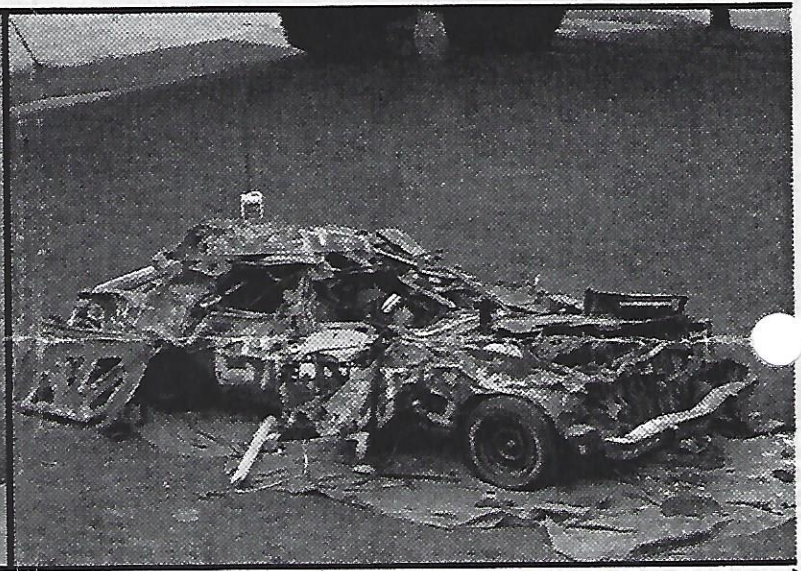

I would like to welcome our new brothers ('08s).

CUBS GAME

This summer fifty alums and and undergrads participated in a group outing at Wrigley Field for a Cubs Vs. Pirates game. It turned out so well that we are planning to do it again. Please reserve your tickets today, and join in on the action!

ADOPT A HIGHWAY

This past year our house adopted a highway. The highway runs two miles east of highway 57 on Market Street, and requires that every two months our brothers go out and clean up the roadside.
