

PHI KAPPA:

University of Illinois Champaign, IL

Greetings! The Brothers of the Phi Kappa chapter have been hard at work with scholarship, recruitment, and philanthropy. The chapter has grown over the past year and a half from 14 Brothers to 27. We have also been working on the physical house, getting a new front door, having fire sprinklers installed, and chasing out squirrels that have taken up residence in the walls of our third floor.

The Brothers of Phi Kappa have been busy with philanthropy. We have paired up with a local elementary school, Thomas Paine, which is predominately single parent and low income. We help out by watching kids during PTA meetings, helping with their talent show, and even building them a playground. Also, we are currently working on setting up an annual philanthropy (something along the lines of a trivia night) with a sorority. Academically, we have improved our collective GPA from among the lowest of the fifty-two fraternities on campus to the upper half through a new scholarship incentive program.
