

Senior Brothers and the Alums. At this dinner, our dining room was dedicated to Brother Edgar Henning. We'd also like to thank our Alums for their generous contributions.

The party program at Crow is excellent this year, as evidenced by a hayrack ride at Alum Al Bateman's farm, exchanges, a little Sister party thrown at the Giraffe Discotheque, and an upcoming blacklight party. The Little Sister program is flourishing, also. They racked us out on Halloween for our traditional 6 A.M. breakfast, and it was excellent eating, though a little early.

A new feature: The Phi Kappa gossip column. This is the section where I will give Brothers and Pledges a chance to voice whatever they want to say, contingent upon its obscenity.

Phi Kappa gossip: Richard (Moses) Junk says that he is fed up with the U of I. Steve Biggs is rumored to have killed 2 elephants last week with his feet, according to Steve Shaffer. According to Earl Gurley, the Pantera sports car that Alum Roger Clemens brought to Homecoming was rented for the weekend. Paul Chmelir says that Steve Shaffer found 47 mistakes on one page of the Encyclopedia Britannica yesterday. That's this season's gossip. Take care all of you Crows, and have a good semester.
