

# PHI KAPPA

University of Illinois

Hi, how are ya? The Illinois Crows started last semester on a high note when they won the Curly Walden Award. We are especially proud of this distinction, and the trophy is prominently displayed in our trophy case.

The Phi Kappa Crows have again dominated the Orange Division Sports here at Illinois. The all-University singles handball champion, Brother John Kocinski, led the 3-man House handball team to the University Championship. Second place finishes were scored in soccer and volleyball, while a surprisingly strong showing was turned in by our football team, led by Brothers Jim Reedy, Jim Klein, Mike Regan, and Randy Bisping.

We're proud to have the following men as new Brothers: Mike Regan, Paul Chmelir, Adrian Harless, Jeff Watkins, Rich Furr, Gene Wise, Scott Lynch, Doug Mills, Pete Voss. The future of our Chapter is in good hands with these new Initiates. They worked especially hard on their Pledge Dance when they turned the entire Crow House into a medieval castle.

During the fall semester we pledged John Ott and Greg Crowell. They have already picked up many of the bizzaro club's antics and thus will fit well into the House.

New elections were held at the beginning of this semester and the following are our new officers: Dave Riley '77, President; Jim Klein '78, Vice President; Ward Brown '78, Pledge Educator; Adrian Harless '79, Recording Secretary; Paul McWilliams '78, Treasurer; Mike Regan '79, Chaplain; Doug Mills '79, Internal Coordinator; and Scott Lynch '79, Sergeant-at-Arms.

Four House studs went West to try their luck with the infamous California blondes. The box score was 7 hits, 2 walks, 3 errors, and an Alum named Dave. We mooched off relatives, friends, and old Crow Alums. Thanks again for having us.

The Brothers at Phi Kappa are pleased to announce the near completion of the Crows' "activity room." This addition to our House will feature several different pinball games, a foosball table, and perhaps an air hockey game.

Brother Tim Duez is a happy Crow this semester. He received word that his application to Dental School was accepted. Rumor has it that Blow Pie Guy is back this semester to liven up our social scene. Blow Pie can be heard at most parties belching up his wisdom in stall #1. Rumor also has it that Brother Carl Deuwer's appetite was the leading cause of the recent grain shortage. The Illinois Crows contributed to America's Bicentennial Celebration with the
