

Phi Kappa claims sports wins

☞ Greetings from the locker room of Phi Kappa! The Crows in Illinois once again are boasting of an extremely successful sports program. We are not only a powerhouse in campus intramurals this year, but can also claim of Brothers playing on University of Illinois teams as well.

Of the six intramural team sports that Phi Kappa entered since last spring, five of them finished either first, second or third. Our softball team finished third out of 35 entries, and congratulations are in order to Ralph Klein and his young squad.

The House football team finished in third place as well — quite a feat, as the team was composed mostly of pledges. Look for them to be the dominating force of the league in the next two years to come.
