

PHI KAPPA

University of Illinois

☞ Greetings from Phi Kappa! Here's what's going on.

Our Caveman Drag Dance went extremely well again this year. February 26 everyone donned his furs and had a really wild time. It was a dance to remember.

Another dance we had was our Sweetheart Formal. Our new Sweetheart this year is Lulu Yang. Everybody brought his sweetheart and had a very nice evening.

We've made a lot of improvements in the House, too. We've got a new TV. It's a 26-inch color RCA, and it's beautiful! We got it just in time to see the Super Bowl. We have recently just acquired some new desks, too. They were sorely needed, but we had to do some cutting back to get them.

There are a lot more improvements going right now, though. The week before rush, everything got refurbished. We repainted the dorm, shampooed carpets, and fixed our new study room.

Finally, Baloo, our House dog, is just fine. He's also getting huge. He's got a ways to go in his manners toward people, but at least he's keeping the carpets clean! ☞
