

Phi Kappa

University of Illinois

Our chapter has faced a lot of ups and downs since we were rechartered. Our membership reached 35 solid men as of 3 years ago, and within 2 years dropped down to 14. We lost our founding fathers, and struggled with recruitment. Thanks to last year's leadership and the dedication of all 14 Brothers, we were able to recruit 10 new members, while only one Brother graduated. We now hope to continue this trend, and grow our numbers once again. On another positive note, a sprinkler system is being installed in the house over the summer as the beginning of our drive to restore our chapter hall.
